THE DISCIPLINE
The Early Childhood Education program prepares teachers who, having gained their own liberal education, help preschool, kindergarten, and primary grade school age children learn by improving the teaching children receive in the home, school, church, and community. The program provides the opportunity for prospective teachers to learn about the culture of young children, develop a solid foundation in basic principles of teaching and learning that originate in developmental theory and research, and become proficient in appropriate practices to implement those basic principles in practical settings.

CAREER OPPORTUNITIES
Those who graduate in early childhood education are licensed to teach kindergarten through third grade in public and private schools in Utah (see Utah State Office of Education licensing requirements at https://www.schools.utah.gov/licensing). Teaching job opportunities are available in many states through reciprocal agreements based upon national accreditation. They are also qualified to teach preschool in public, private, and home settings. Other career opportunities include tutoring and private preschool administration. In addition, graduates are prepared to enter advanced-degree programs to continue their development as teachers of young children, pursue administrative positions in the public school system, work with state agencies that support early learning, and teach at higher-education institutions.

ADMISSION TO THE PROGRAM
The Early Childhood Education program accepts all students who meet the admission requirements. Students who are interested in the program should meet with the Education Advisement Center (350 MCKB) to declare the pre-major and review the admission requirements. Apply to the program by October 1 for Winter semester or February 15 for Fall semester.

MAP DISCLAIMER
While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.
