All candidates for teacher licensure are required to be fingerprinted and pass an FBI background check prior to enrolling in FLANG 276. Go to 350 MCKB for fingerprinting and an FBI background check. Allow 2-3 weeks for processing. Fingerprint clearance is valid for three years only. If clearance expires prior to student teaching, candidates must repeat the fingerprint clearance and fee process. Failing to expunge or clear up a police record of any kind prior to the background check may result in a blocked registration while a review board investigates the charges.

Candidates who do not pass an FBI background check prior to enrolling in FLANG 276. Go to 350 MCKB, 801-422-3426, to schedule your interview. This requirement may also be satisfied during GERM 400R.

**THE DISCIPLINE:**
Students of foreign language and literature develop fluency in another language as well as sensitivity to their own language and cultural heritage, to the contributions and diversity of other peoples, and to the advantages of an international perspective.

**CAREER OPPORTUNITIES:**
Majors in German teaching cultivate proficiency and cultural knowledge as well as pedagogical skills that prepare them for teaching positions in German at both the middle and high school level. When combined with classroom teaching experience, graduates of this program are also positioned to work as curriculum specialists and teacher coaches at the school or district level. Many also pursue advanced degrees that allow them to teach concurrent enrollment courses as well as work in higher education and K-12 administration. Beyond traditional teaching careers, graduates from this program develop skills that they can apply in education technology, distance learning, corporate training, and curriculum design.

| **Study at a German University.** The department recommends that students spend their junior year, if possible, at a German university taking courses that will apply toward the major. Universities in Germany charge no tuition, so, even though living costs are generally higher, with careful planning and modest financial support, most students find they can study at “Provo parity,” that is, for about the same amount as a year of study in Provo. For advice about how to enroll and what financial support is available, contact the department office. | |

While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines. |
