University Core and Graduation Requirements

**University Core Requirements:**

### Religion Cornerstones
- Teachings and Doctrine of The Book of Mormon
  - **Classes**: 1
  - **Hours**: 2.0
  - **Classes**: REL A 275
- Jesus Christ and the Everlasting Gospel
  - **Classes**: 1
  - **Hours**: 2.0
  - **Classes**: REL A 250
- Foundations of the Restoration
  - **Classes**: 1
  - **Hours**: 2.0
  - **Classes**: REL C 225
- The Eternal Family
  - **Classes**: 1
  - **Hours**: 2.0
  - **Classes**: REL C 200

### The Individual and Society
- American Heritage
  - **Classes**: 1-2
  - **Hours**: 3-6.0
  - **Classes**: from approved list
- Global and Cultural Awareness
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list

### Skills
- First Year Writing
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list
- Advanced Written and Oral Communications
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: WRTG 316 recommended
- Quantitative Reasoning
  - **Classes**: 1
  - **Hours**: 3-4.0
  - **Classes**: MATH 110, 111, 112*, 118 or 119*
- Languages of Learning (Math or Language)
  - **Classes**: 1
  - **Hours**: 3-4.0
  - **Classes**: MATH 112*, 118 or 119* or STAT 121*

### Arts, Letters, and Sciences
- Civilization 1
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list
- Civilization 2
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list
- Arts
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list
- Letters
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: from approved list
- Biological Science
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: PDBIO 120* or NDFS 100*
- Physical Science
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: CHEM 105* & PHSCS 105*
- Social Science
  - **Classes**: 1
  - **Hours**: 3.0
  - **Classes**: PSYCH 111*, SOC 111* or 112*

### Core Enrichment: Electives
- Religion Electives
  - **Classes**: 3-4
  - **Hours**: 6.0
  - **Classes**: from approved list
- Open Electives
  - **Classes**: Variable
  - **Hours**: Variable
  - **Classes**: personal choice

*SUGGESTED SEQUENCE OF COURSES*

**Freshman Year**

1st Semester
- First-Year Writing or American Heritage
  - **Classes**: 3.0
- Religion cornerstone course
  - **Classes**: 2.0
- PDBIO 120 (Biological Science)
  - **Classes**: 3.0
- Civilization 1 elective
  - **Classes**: 3.0
- CHEM 105
  - **Classes**: 4.0
- Quantitative Reasoning (if required)**
  - **Classes**: 0-3.0

**Total Hours**: 15-18.0

**Sophomore Year**

2nd Semester
- First-Year Writing or American Heritage
  - **Classes**: 3.0
- Arts or Letters elective
  - **Classes**: 3.0
- CHEM 105 & 107
  - **Classes**: 4.0
- STAT 121
  - **Classes**: 3.0
- Religion Cornerstone course
  - **Classes**: 2.0

**Total Hours**: 15.0

3rd Semester
- Civilization 2 elective
  - **Classes**: 3.0
- PHSCS 105 & 107
  - **Classes**: 4.0
- NDFS 100
  - **Classes**: 3.0
- Social Science elective
  - **Classes**: 3.0
- Religion Cornerstone course
  - **Classes**: 2.0

**Total Hours**: 15.0

4th Semester
- Arts or Letters elective
  - **Classes**: 3.0
- Global & Cultural Awareness elective
  - **Classes**: 3.0
- MMBIO 240
  - **Classes**: 3.0
- PDBIO 220
  - **Classes**: 4.0
- Religion Cornerstone course
  - **Classes**: 2.0

**Total Hours**: 15.0

Please check with departments for current availability of all courses.

**Note**: Students are encouraged to complete an average of 15-16 credit hours each semester or 30-32 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.

**Graduation Requirements:**

- Minimum residence hours required: 30.0
- Minimum hours needed to graduate: 120.0

**Junior Year**

5th Semester
- Religion elective
  - **Classes**: 2.0
- General electives
  - **Classes**: 4.0
- Total Hours: 16.0

6th Semester
- EXSC 463
  - **Classes**: 3.0
- EXSC 464
  - **Classes**: 0.5
- Religion elective (from Requirement 2)
  - **Classes**: 3.0
- EXSC 440
  - **Classes**: 4.0
- Religion elective
  - **Classes**: 2.0
- Total Hours: 16.0

**Senior Year**

7th Semester
- Major Elective (from Requirement 2)
  - **Classes**: 3.0
- Major Elective (from Requirement 5)
  - **Classes**: 3.0
- Religion Elective
  - **Classes**: 2.0
- Total Hours: 15.0

8th Semester
- Major Elective (from Requirement 2)
  - **Classes**: 3.0
- Major Elective (from Requirement 2)
  - **Classes**: 3.0
- Major Elective (from Requirement 5)
  - **Classes**: 3.0
- General Electives
  - **Classes**: 6.0
- Total Hours: 15.0
### BS in Exercise Science (663435)
#### 2020-2021 Program Requirements (60.5 Credit Hours)

Note to Students Desiring to Pursue Master of Athletic Training (MAT) degree: In order to prepare for acceptance into the MAT graduate degree program, you must take the following courses during your BS Exercise Science major: EXSC 320, 321, 387, 501, 526, 517, 516, 601, and PSYCH 111. Contact Life Sciences Advisement (2060 LSB) for additional information (lsa.byu.edu; (801) 422-3042; lifesciences@byu.edu). See MAT website for details. Some elective courses may be offered only in Spring term.

Note to Premed Students: Professional schools and graduate programs may require additional courses not required for this major. Contact the programs to which you may apply to determine specific courses that meet their entrance requirements. Students considering professional or graduate degrees should take at least two semesters of mathematical courses. The following required or elective courses are strongly recommended for students considering professional or graduate degrees in the exercise sciences: MMBio 241; PDBio 360, 362, 363; Chem 351, 352, 353, 481; Math 119; Stat 121. For more information contact the Preprofessional Advisement Center, 3328 WSC, (801) 422-3044. Contact potential schools of choice for a complete list of entrance requirements.

### THE DISCIPLINE

The exercise science program is designed to prepare students for entry into graduate school in one of the disciplines related to exercise science or one of the healthcare professional schools.

Students majoring in exercise science explore how the body functions during physical activity and exercise. Principles and concepts taught in human anatomy and physiology, exercise physiology, biomechanics, neurophysiology, chemistry, physics, and nutrition are mastered to help understand how the body responds to acute bouts of exercise and how it adapts to chronic physical activity and exercise. The impact that physical activity and exercise have on one’s capacity to do work, physical performance, as well as its impact on health and disease makes study of this discipline rewarding.
Note to students who plan to pursue postgraduate education in various health care fields: The following required or elective courses are strongly recommended for students considering postgraduate professional degrees or graduate degrees in exercise sciences, but are not required for this program: MMBio 241; PDBio 360, 362, 363; CHEM 351, 352, 353, 481; MATH 112; PHSCS 106 & 108; PWS 340. Contact potential schools of choice for a complete list of entrance requirements. Professional schools and graduate programs may require other additional courses not required for this major. Contact the postgraduate programs to which you may apply to determine specific courses that meet their entrance requirements. Students considering professional or graduate degrees should take at least two semesters of mathematical courses.

For more information, contact the Preprofessional Advisement Center, 3328 WSC, 801-422-3044.

**CAREER OPPORTUNITIES**

The exercise science degree provides excellent preparation for students interested in graduate work in exercise science fields (e.g., exercise physiology MS or PhD) or those desiring to pursue training in medicine, physical therapy, cardiac rehabilitation, podiatry, chiropractic, and other health care professions. Graduates with this major may find opportunities in community, corporate or hospital wellness or fitness centers, and health promotion programs.

The major is designed to prepare students to enter graduate programs in several health related professions; specifically exercise science master and doctoral programs. Those who complete graduate work in exercise science are most likely to be employed as a professor/researcher in a university setting. In addition to graduate studies in exercise science, students are also prepared to attend medical school, dental school, osteopathy school, physician assistant and nursing programs, and chiropractic school.

Salary varies with the terminal degree sought, the choice of career specialty, and geographic location of employment or practice. Earnings for those with certain medical and dental specialties are potentially lucrative.
