THE DISCIPLINE:
The Department of Art serves five main purposes:
1) preparing competent professionals in various fields of the plastic and graphic arts;
2) preparing qualified designers in problem solving of two- and three-dimensional applications;
3) training historians who can critically appraise works of art;
4) preparing art educators for teaching the visual arts at the elementary and secondary levels; and
5) generally developing the aesthetic sense of individuals by helping them experience art.

CAREER OPPORTUNITIES:
Most opportunities for careers related to art history exist in teaching at the junior college and university levels. The art history major traditionally prepares students for related graduate study, but it also provides excellent training for many art- and humanities-related careers and provides a solid foundation for entering several professional graduate programs.

The art history major is valuable for those going into any aspect of museum work, including art conservation/restoration, curatorial work, museum research, and museum youth education programs.

It is a useful and often key undergraduate major for careers in art law, architecture, historical restoration, art galleries, auction houses, and art resource/research library studies. Local, state and federal agencies offer career possibilities related to arts and humanities councils. Combined with one of several other majors, an art history minor helps prepare the student for any number of careers. You may also refer to hac.byu.edu/h-careers.html for more information.
