THE MAJOR:
The Spanish BA provides comprehensive language instruction for students and an introduction to the literature and culture associated with Spanish, as well as tools for analyzing the language itself. Based on the liberal arts tradition, the Spanish major is designed not only to improve students’ communication skills but to acquaint them with Hispanic linguistics, literature, and culture. The major serves the needs of students who plan to enter a government service, teaching, and graduate studies in literature, culture, linguistics, and pedagogy. It requires the development of communicative skills in the Spanish language as well as skills of close reading, literary and cultural analysis, the employment of tools of linguistic analysis, and the cultivation of strong writing skills. The major is intended to help students cultivate lifelong habits of reading and study, as well as provide them with practical tools for serving and working among a Spanish-speaking population.
