- SFL 476 - Secondary Student Teaching - Consumer Science
- SFL 496R - Academic Internship: Family and Consumer Sciences

You may take up to 12 credit hours.

**THE DISCIPLINE:**

Academic preparation in this interdisciplinary education program includes study in the areas of early childhood development, marriage and family relationships, parenting education, housing and interiors, clothing and textiles, and nutrition and wellness.

With the development of a knowledge base in these critical areas, graduates will be prepared to provide valuable content to secondary education students as they confront life's challenges. These students can become a resource to their own families empowering them to become healthy community contributors.

This program interfaces with the McKay School of Education and includes professional education courses.
### CAREER OPPORTUNITIES:
This Family and Consumer Sciences Education program prepares students to be licensed by the Utah State Board of Education for teaching in public, private, and charter secondary education schools. This teaching license can be transferred to other states upon meeting individual state requirements. Students may also find employment in business and cooperative extension. Outside the physical classroom, family and consumer sciences education graduates can develop curriculum or educational software, and work in organizations that provide tutoring, online education, or distance learning. Graduates are well positioned to pursue advanced degrees in order to facilitate professional development at the district and state administration levels or to qualify to teach higher education.

### RESEARCH OPPORTUNITIES:
Contact your professor for this information.

### INTERNSHIPS:
Internships are granted by individual school principals on an “as needed” basis. They are an August to June contract and are applied for in January, the winter semester prior to the upcoming Fall school year.

Selection of interns is done through a competitive process. Participation in an internship does not guarantee employment.

### CLUB:
School of Family Life Student Association (SFLSA)

### FINANCING:
Many students work up to 20 hours per week. Some find employment on campus and some junior and senior students obtain teaching or research assistantships. Many of our students obtain summer jobs that make use of their training and interests.

### SCHOLARSHIPS:
Scholarships specific to family and consumer sciences are available to qualifying students. For more information go to [https://familylife.byu.edu/undergraduates](https://familylife.byu.edu/undergraduates)

---

### MAP DISCLAIMER
While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.
